“ I believe I was Herbs first girlfriend at Mamaroneck High School. I was in 10 th grade, he in 11 th. He waS then called Herky, and that is how I always have remembered him.

He left high school before graduating and went into the army. He dropped me, but we later connected in about 2007. I believe that as he traveled south to see his brother in Pasadena, he met someone in Oregon and become involved. I did not hear from him again.
